Homebrewing

Eclipse 2017

- Partnerships are integral to excellent programming. Schools, restaurants, service clubs, fire and police, local media, chamber of commerce, USFS, Fish and Game, State Parks, clinics, Health and Welfare
- **The people in your community are your most important partners!**
- Don't do it alone, quarterly or twice yearly meetings to plan in advance
- Keep a file of interesting items from newspapers, magazines, newsletters, etc.
- Sources for programming: follow other libraries and Programming Librarian Interest Group on Facebook, Pinterest, listservs
- Send a handwritten thank you note
