Free WebJunction training webinars: <https://www.webjunction.org/home.html>

Wyoming and Texas (and probably others) state libraries have free (and good!) webinars live and recorded.

TechSoup webinars

Canva.com

MailChimp free email newsletter software

Apollo Biblionix ILS for small and medium public libraries (only)

DeepFreeze partition software for public computers (advanced installation and upkeep -- I need help with this so I have a volunteer tech guy who used to work at Houston Community College library)

LibData time and print management software for public computers

If you don't have a consultant at your state library or regional library system, find one. They can help you. Also a good place to look for a mentor.
